

Split!®

Non-Detergent Cleaner

- ✓ **Free Rinsing** for floors already cleaned of detergent residues
- ✓ **Safer** for the chemically sensitive
- ✓ **Leaves no residue** to accelerate re-soiling
- ✓ **Reduce or eliminate** restorative cleanings
- ✓ **Cost Savings** include labor, chemical, water & electricity

Like all our cleaning products, **Split! Non-Detergent Cleaner** contains no detergents, no enzymes, no oxidizing agents, no solvents or VOCs, and is very safe for use on any surface not harmed by water.

Stone Floors: With all detergents, thin layers of soap build up in stone and grout over time that holds onto soil and to odors. Once sticky detergent residue and odor causing soils are removed from floors with **Split! Restorative**, regular mopping or auto-scrubbing with **Split! Non-Detergent** cleaner will keep them that way! Exclusive future cleanings without detergents causes them to always dry in their like-new appearance.

Bathrooms and Kitchens: Use **Split! Non-Detergent** cleaner on walls, countertops, sinks, fixtures, floor drains and more. Soils that cause old, unpleasant and lingering odors disappear and stay gone!

Specialty Floors: Detergent residue builds up quickly in the scratches, textures and seams of high performance, no-wax floors. Once floors have been cleaned of this residue with **Split! Restorative** cleaner, regular mopping or auto-scrubbing with **Split! Non-Detergent** cleaner will keep them low-maintenance! Exclusive future cleanings without detergents causes them to always dry looking like new!

Stainless Steel: Stainless Steel doesn't hold fingerprints; the polish does! **Split!** removes old polish and dirt, leaving elevators, drinking fountains, stall partitions, dispensers, etc. looking like new. And **Split!** makes it possible to spot clean as needed; no more "all or nothing"!

Wide Assortment of Soils and Stains: **Split! Non-Detergent** cleaner completely removes detergent residues, odor causing organic soils, grease, oil, animal fat, food and beverage stains, carbon black, copy machine toner, printers' ink, black shoe polish, pencil lead, lipstick, hairspray, make-up, mold stains, mildew stains, body fluids, body oils, body lotions, adhesive residue from tape, road tar, bug remnants on vehicles, and much more.
